GRAENING TALKS TO ROUND TABLE

Speaks On Italo-Ethiopian Situation Causes; Club Will Study Opera.

That the Italo-Ethiopian dispute is now being a long story and is reaching far back in time was emphasized by Dr. C. F. Graening in addressing the Round Table Tuesday evening, Dec. 10, at Luther hall.

"In my opinion, Italy is seeking a foothold for further expansion in the West and the Soviet, the weakest country, Russia of the world-at-large will, I think, be world-wide."

While attention in the past few years were pointed out as two major causes for the present crisis, European diplomacy is also not to be ignored as one of the causes leading up to this situation," the speaker added.

A discussion followed the address. In the business meeting which preceded the lecture, the club accepted the invitation to become a committee headed by Clifton Weyrauch, Elmer Schwarzkopf and Marion Grand opera. The Round Table will function as the name of the organization.

New members were served at the close of the evening.

PRE-THES HOLD VESPER SERVICE

College Organization Gives Impressive Devotional In St. Paul's Church.

It was primarily a devotional service in which congregation as well as the student body also took a part. The theme of the service was "Christmas Meditations." Each part of the service greatly appreciated by both students and townspeople. It carried the spirit of a simple yet impressive devotional service.

The Wartburg Lutheran Male Chorus in its first appearance of the year sang two numbers: Adeste Fideles" and "Angels From the Realms of Glory". A double mixed quartet composed of Mary Spading, Evelyn Moulder, Hedwig Rausch and Ruth Sherwood, sopranos; Henriette Langworthy, Harry Schultz and Walter Zeltner.

Again they call, those happy bells!
Again their silver tongues declare
The blessed tidings of the angel's story.
All lowly in our bosom dwells

And fear is fled and sorrow stilled
And Christ's golden eon of life
We welcome in our grateful charity.
By His own hand is newly filled.

Again they call, those bells of bliss!
Say simply, say it with thy song.
On humble knees before Him fall
Who Son of God and Savior is.

G. J. Neumann.

Head of Board of Regents Speaks on Christian Growth

Book Reviews Given by Neumann, Cottermann.

A book entitled "Gaudying Christ" was reviewed by Prof. Arno Doerfler, Dr. O. J. Neumann at the conference of the Wartburg college faculty. It pertains how considered life as portrayed in the literature of war and especially the teachings of the prophet Isaiah. Through the study of the sources and Dr. Neumann, the head exegete from the book, the interesting but revealing spirit in the book.

Carl Gruenhagen, member of the board of regents, and Rev. Fred Schwan, Jr., pastor of St. Paul's Lutheran church, attended the conference Nov. 27 and had the privilege of hearing the address by Prof. E. Jesus.

Coach Ernst was in charge of conference Nov. 27. After a short talk by Rev. A. H. Braun, letters and numerals were awarded to the football men by Pres. E. J. Braun.

Choir Sings.

The mixed choir, under the direction of Professor E. G. Hoist, presented a number of songs at the Nov. 27 conference. The choir sang "Praise Ye the Lord," "Lord Jesus, Boldness," "His Heavens Are Telling," and "Praise the Lord."

In reporting on a book entitled "The Christian Growth" by Henry Clarence Thiessen, Prof. Arno Doerfler stated that the author's purpose in writing the book is to satisfy a need of Christian education to almost a law today. The book is intended primarily for the scientific spirit, denies the inspiration of the Bible and is intended to look upon Christ as the Son of God.

Rebreza Addresses Assembly.

Rev. Rebreza, pastor of Waverly, who, chairman of the Board of Missions, addressed the assembly of students and faculty on "Overcoming Evil with Good" from these lessons. We must grow outward, inward and upward. Christian growth must begin with the inward development which we are diligent in our work, and unless we face our tasks with courage. We must grow inward by entrusting, being trained in spirit. Lastly we must grow upward or Christward, by permitting the spirit of Christ to permeate our lives. Christian growth is one of the things we are fortunate enough to have in our Christian lives.

Rev. A. H. Braun spoke on Christ

True Christmas Spirit

Christmas 1939!

Long since the angels first proclaimed their tidings of great joy and their messages of peace on earth. Perhaps they are hovering near the earth once more as we approach this Christmastide.

They see the feverish activity as the world prepares for the holiday season. Display windows offer a multitude of gift suggestions. Shoppers hustle and bustle with arms piled high with colorful bundles. Students make haste to have everything in preparedness for a vacation at the family fireside. Windows and streets are trimmed with lights and decorations. And all while it covers the wounds and scars of a world torn by war and strife, burdened by sin and sorrow, groaning under suffering and hardships. Do they wonder if men are experiencing the joy and the peace of which they sang?

The nature for joy which they proclaimed is the birth of a Savior. The peace which they offered is dependent upon the Lord and God-pleasing men. Peace finds its home in the hearts of men. If we lose sight of this great Gift of God in the many trimmings and trappings of Christmas, this great holiday becomes meaningless and empty. To the extent that we realize our need for this Savior and gratefully accept Him as God's gift, to that extent our joy will become real and lasting and true peace will enter our hearts. This joy will be multiplied to the extent that we share it with others, and true peace will reign on earth to the extent that we live in it and promulgate it.

Unto you is born this day a Savior. That is the message of the Christmas angels. That is our Joy and Peace. That we may experience these blessings more abundantly is the purpose of Christmas 1939.

Use The Library

Worthy use of leisure time is one of the objectives of education. In the ordinary course we may find many opportunities for widening the scope of our knowledge and thus for increasing our possibilities of enjoyment.

We urge Wartburg students to use the library. Not only is a wide selection found in reference books and material for research in academic fields, but also the fiction section is large and exceptionally fine.

He said, "Even though there is misery, woe, hardship, and strife in this world to mar the gratitude of us all, we have a large number of things to make us rejoice. There are the beauties of nature, the arts, literature, the true sciences, and the love of God. All the Christmas music and Christmas cheer are also very good reason to have by more abundantly." It is Christ Jesus only who can bring us peace and joy.

A Greater Wartburg

By Rev. B. M. Becker

Naturally I am very much interested in a greater Wartburg. Still, I was at a loss to know in what sense ours should be a "greater" Wartburg. The idea of doing things in a bigger and better way isn't so new at all. It is said of Nicolai Adagio that once when he came to inspect the drawing of one of his pupils he wrote this word across the face of it "sumptuo." I am sure that what we are expecting of our greater Wartburg Reserve is showing the world a few things about doing things in a bigger and better way. Bigger dorms, bigger boats, bigger athletic fields, but that just what Wartburg wishes to do. Missouri is out to create a bigger Day and he is showing the world how to do it. Bigger, better greater, that is the contagion which has gripped a host of everyone from humble father Dionne down to Dr. Townsend.

Well, this ambition to aspire to greater things isn't so bad. When it is directed along the proper channels. What those proper channels are it is not for me to decide. However, I have some ideas on the subject, and since I have the opportunity I'm going to say a few things about the greater Wartburg as I see it. The greater Wartburg should, of course, be larger in size—if that can be done. We have made a wonderful beginning this year, we have a better enrollment than we've ever had out here on the middle west, and it can be satisfied with that. This year's enrollment was the result of the visiting effort of a few. Next year's enrollment should be the result of the successful effort of many—of every friend of Wartburg. If every friend of Wartburg in the world would pledge to put forth some real effort to get at least one student across, the results would be astonishing. Just a few times this greater Wartburg must have an enrollment which is even better than the fine enrollment this year. Secondly our greater Wartburg should be greater in service. Our schools have always aimed to give the student more than just an education. Our greater Wartburg must do even more than that. It must give the world men and women whose first aim in life is not profits individual advancement, a desire for selfish enjoyment of the things of this world; our greater Wartburg must give us men and women whose first aim in life is to render service to God and humanity. Our greater Wartburg must exercise a greater service in this cause who sees this life as a means to many. Our greater Wartburg must serve the world by serving the youth of the church. Finally, our greater Wartburg must be large in spirit. What greater Wartburg must have an "O. J. mean? I mean that our alumni association which places Wartburg, our institution, our boys above everything else. I mean we must have a spirit among our alumni which forgets all else but the welfare of Wartburg as it is today. I mean that henceforth we dare no longer think in terms of Eureka, or St. Paul, or Clinton, or Waverly, from now on we are all just plain "Wartburgers".

Knight Flashes

Opening their 1935-36 season with three successful victories over town junior colleges the Knights of Wartburg junior college will open their campaign tomorrow night at Platteville, Wis. when they meet coach Lalu succeeded in garnering 92 points while they have held their opponents to 67.

* * *

While we are on the subject of statistics we might as well mention the fact that of Wartburg's 92 points, 39 of them were scored in the second half of the games played so far. Opponents have only succeeded in 34 of their 67 in the first half. In two of the three games played so far Knights were trailing as the half ended.

* * *

In their coming encounter the Knights showed a good brand of ball handling and passing with Kerker and Opperman leading the latter department while Dean was also in the running. Kerker counted only eleven points while Opperman was credited with the hoop for twice that number.

* * *

In their second engagement the Knights had another's scoring honors and polished team against Independence Juniors with the latter amassing a total of 27 points to but 11 for the Knights. Coach Lalu used to send in his reserves early in the second half to finish the game.

* * *

In the Independence game the visiting forwards were able to score a good total of ten field goals against Nocky and Opperman with the latter also able to score ten points during his short stay in the game.

* * *

Although our forwards, Hardin and Lortkem have been somewhat handicapped with the strong high scoring they are nevertheless of vital importance in the Wartburg offense. Consistently these two have the ball into the scoring zone and feed it to Kerker who has displayed a real "goofy" eye. Throughout the Knights have displayed a fine spirit of cooperation and team work, a brilliant reflection on Coach Hertel and his work.

* * *

In Friday night's game the Knights staged a thriller that will be long remembered by all who witnessed it. With the score 29-9 against Wartburg in the last period half began, the Hertelmen pulled themselves together and proceeded to drop through the loop while holding the Bluffton team scoreless for the remainder of the game. Whether it was overconfidence or what it was that made the Knights so far behind at the end of the third period is a big question that will be presented in the form of a solution.

* * *

A discussion of a hymn and its history will close the program.

KNIGHTS OPEN CONF. CAMPAIGN

Knights Meet Miners in First Conference Game Dec. 17 At Platteville, Wis.

With three victories over non-conference foes safely stowed away the Knights are prepared to face the Platteville Miners in Wartburg's first conference game of the season, Dec. 17.

The Wartburg team is in the prime of condition and have displayed their ability to play basketball not only when out in front, but also have shown a remarkable facility for coming from behind almost impossible odds to go on to win by a sizable margin. It is a team such as the Knights represent of which a coach may be justly proud.

Hertel has his guards, Kretzmann and Wertenland, whom he can rely on for quick action and they take over the guard position without wasteming but have appreciably and is also fortunate in having capable reserve material in the forward and center positions. Keeping three games was proven as 39 points to be by for the outstanding scores of the Wartburg quintet while Opperman has proven himself a capable goal shooter of the Knights' offensive. The trio of Harden, Lortkens and Nygren can not be overlooked. All in all the team that Coach Hertel will send in to conference competition tomorrow evening is a well balanced club that should prove to be dangerous contenders for the conference title.
